

The 28th European Course on The Management of Tinnitus and Hyperacusis

May 4 -May 7, 2010

Møller Centre

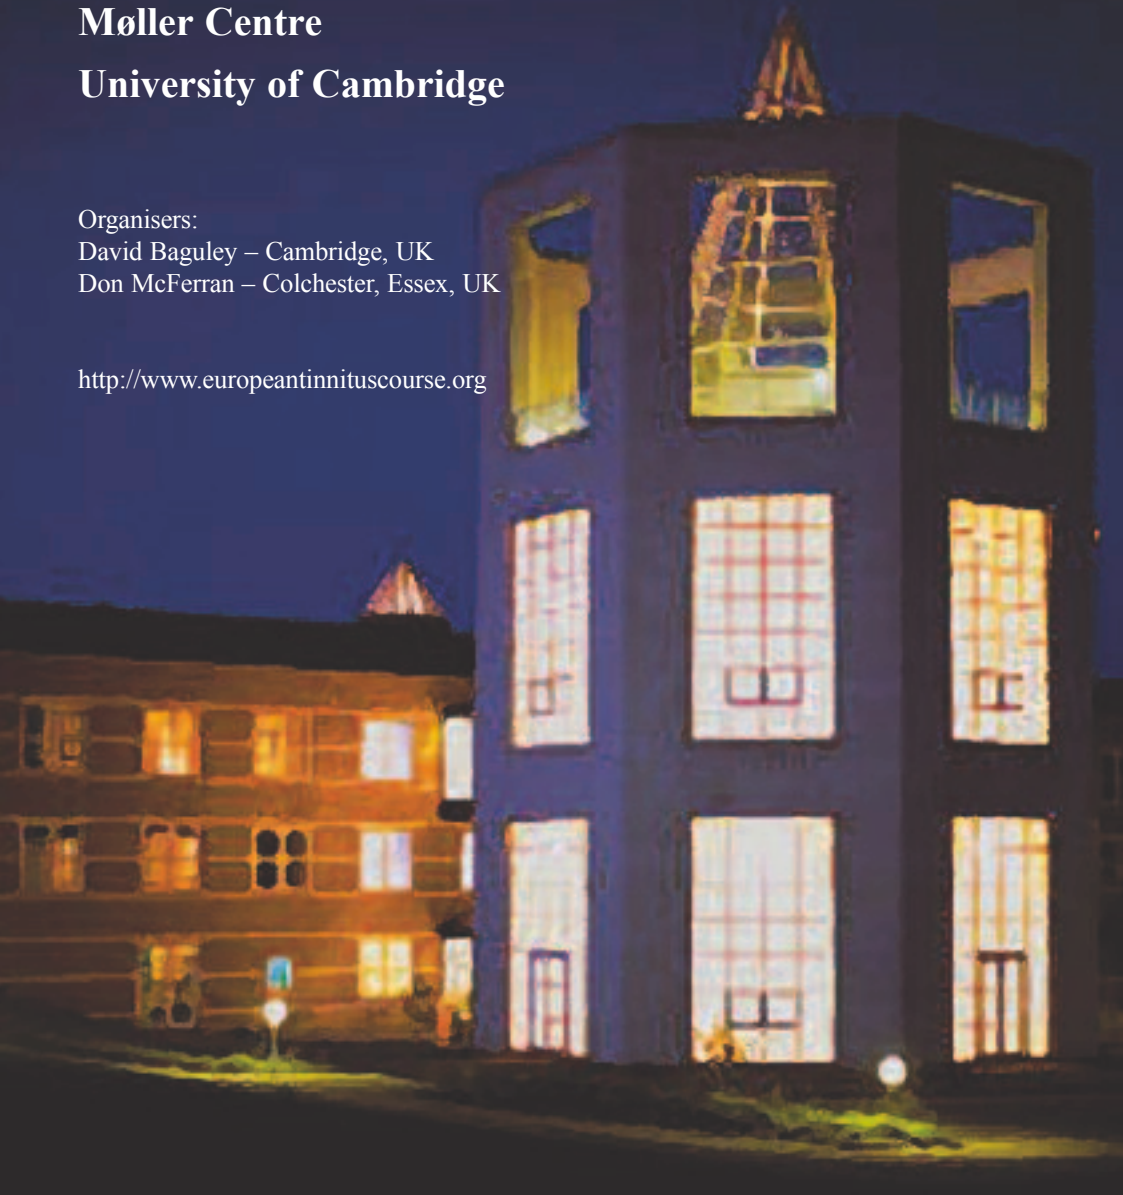

University of Cambridge

Organisers:

David Baguley – Cambridge, UK

Don McFerran – Colchester, Essex, UK

<http://www.europeantinnituscourse.org>

The Management of Tinnitus and Hyperacusis

This well established Course presents modern concepts of tinnitus and hyperacusis and their management in an even handed and evidence based manner. Information is given from a number of perspectives, including audiological, psychological, otological and neuroscience. Teaching is undertaken in lectures and workshops and discussion is encouraged during sessions but also informally over meals and drinks.

Faculty

David Baguley, Addenbrooke's Hospital, Cambridge, UK
Marc Fagelson, East Tennessee State University, USA
